### **Emergency Assistance to Needy Families with Children**

Financial eligibility for EAF is determined by the gross income immediately available to the applicant on the date of application; if that income is at or below 200% of the Federal Poverty Level for that household size, or if the household is eligible to receive TA. The following income guidelines for EAF **are effective April 1, 2015 through March 31, 2016.** For additional EAF eligibility requirements, see TASB Chapter 11.

### **SNAP**

Please note that these Federal Poverty Level Guidelines do **not** go into effect for SNAP on April 1<sup>st</sup>. Poverty guidelines for SNAP are updated each year on October 1<sup>st</sup>.

Diversification requirements for TA do not apply to SNAP. A separate determination for SNAP eligibility must be done for individuals applying for both TA and SNAP who are being diverted from TA and are not already in receipt of SNAP benefits. Districts should encourage individuals expressing concern about not having enough food or money to buy food (food insecurity) to apply for SNAP.

As always, on the day of application filing, all households that are applying for SNAP benefits, including those applying for case benefits, must be screened to determine if they are eligible for expedited processing of their SNAP benefits. For those households that are found eligible for expedited processing, the district must process the application, and if determined eligible, issue the benefit in accordance with 18 NYCRR 387.8(a)(2)(i).

The Federal Poverty Level for SNAP eligibility determinations are adjusted each October. The income guidelines provided in GIS 14 TA/DC033 remain in effect for SNAP.
